

#FutureFit Plan

FORESIGHT

VISION YOUR FUTURE SELF

Project your current profession to 2030! List min. **4 new aspects** that will define the profession and the **ways** to update yourself for those new aspects.

e.g. Data analytics proficiency would be a must

e.g. "Shadow" a colleague working as Data Scientist, enrol in a Data Science course

REPUTATION MANAGEMENT

MAKE YOURSELF KNOWN

Everyone is and can be more visible nowadays. List min. **4 ways** in which you can improve your visibility as an expert / passionate about a certain field

e.g. start a series of articles on Medium (is free!)

COMMUNITY BUILDING

CREATE OR JOIN A TRIBE

List min. **4 (global) communities / groups / associations** that you could be part of and which could help you achieve new skills and develop continuous learning. Or just create one!

e.g. CodeProject – For those who code, Linked:HR – LinkedIn community for almost 1mn HR enthusiasts

MENTOR SYSTEM

BUILD MENTORSHIP RELATIONSHIPS

List min. **4 persons** which you could ask to be your mentor. His / her aim would be to guide you in the quest to self-improvement and learning new skills.

e.g. Maybe Elon Musk is taken, but think closer: a co-worker, or a thought leader you follow on LinkedIn or a professional you met at an event
